Directions

From the Northern Virginia/DC Area:

267 (Dulles Toll Road) to the Greenway (toll road extension to Leesburg) to Leesburg. Stay in the LEFT lane as you approach Leesburg and take that exit when you reach the end of the toll road. You will be on the Leesburg bypass, Rt. 7 West and US15 South. If you travel to Leesburg on Rt. 7, take the far right lane as you approach Leesburg and take the flyover to the bypass/Rt. 7 West/US15 South. Stay on Rt. 7 west and travel @5 miles to the Route 9 exit (to West Virginia and Charles Town). Take the Route 9 exit and turn right. You will drive through Paeonian Springs and after @2 miles you will pass through an intersection with a flashing yellow light (Hamilton Station). Continue through this intersection and travel another @1.8 miles to Hampton Road. Hampton Road is the first intersection after Hamilton Station Road that has a left turn lane. Hampton Road is a gravel road. You will turn left at Hampton and travel another @2 miles to our house. Our house will be on the right, gray with burgundy shutters and a wraparound porch. Come up the drive and either park on the gravel turnaround or continue past the garage to the gate at the back of the fence and enter the backyard to unload.

From the Baltimore Area:

I695 to I70 West to US 15 in Frederick, Md. Go south on US 15 to Leesburg. US 15 becomes the Leesburg bypass and Rt. 7 joins at the FAA complex. Follow the bypass, DO NOT take the US15 South exit and continue to Rt. 9 as outlined above.

From Richmond/Fredericksburg Area:

I95 North through Fredericksburg, on the north side of Fredericksburg take US17 west toward Warrenton. In Warrenton continue on the bypass following US 15/17/29 towards Washington. Just north of New Baltimore, take a left onto US15 towards Leesburg at the traffic light. Follow US15 to Leesburg. As you enter Leesburg you will come to an overpass. This is the Leesburg bypass. Go under the overpass and take a left. Then follow the above instructions to Rt. 9.
